COURSE: Person Centred Care

LEARNING OUTCOMES:

1. Review attitudes, skills and knowledge when providing care
2. Compare and contrast task-centred and person-centred care
3. Explain person centred care principles, philosophy and concepts (e.g. well-being, ill-being; occupation and enablement)
4. Use Well-being and Ill-being profiles and review care planning
5. Distinguish between personal enhancers and personal detractors when working with people who need care
6. List barriers to giving person-centred care and strategies to overcome them
7. Recognise and use effective communication skills for working with people who need care

TARGET GROUP: Registered Nurses, Care Staff,

DURATION: 1 day
